

Medline Remedy® Specialized Zinc Spray

Medline Remedy Specialized Zinc Spray Skin Protectant is an innovative spray that offers touch-free application of maximum-strength 25% zinc oxide. Made for people suffering from IAD or other skin irritations, it helps with maceration caused by urine and fecal matter. Added glycerin, algae extract and green tea further soothe and moisturize affected skin. Natural oils and micronized zinc provide smooth consistency for ease of application and removal.

Benefits

- Protects minor skin irritation associated with diaper rash and helps seal out wetness
- No-touch application helps preserve patient comfort and dignity by providing easy, complete coverage without the need to directly touch or rub irritated skin
- An improvement over tube-dispensed ointments, sprays at any angle to reduce mess and potential cross-contamination of fecal matter, a known cause of UTIs
- Pushbutton continuous spray uses a unique non-flammable VOC-exempt system that is safe for indoor and hospital environments
- Contains Remedy Nutrient Complex with added skin nutrition, moisturization and soothing antioxidants
