

Medline Remedy® Specialized DriGo-HP™

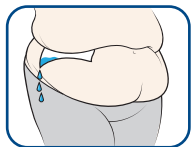

Antibacterial Wicking Sheet with sequestered Hydrogen Peroxide

These unique, ultra-smooth sheets are designed to better manage excessive moisture in skinfolds and other body areas like the groin, neck, between thighs and under the breasts.

For moisture management, comfort and odor control

- Manages moisture while reducing friction
- Wicks moisture out of skin flaps
- Patented technology slowly releases sequestered hydrogen peroxide, reducing build-up of bacteria in the fabric and diminishing odors
- Effective for up to 5 days

Leave a few inches outside the skinfold to allow evaporation
